## Spring 2022 After School Enrichment Program for VPK Classes

**Enrichments will be taught by a mix of our teachers and outside vendors who have met our safety criteria. Classes run for 12 weeks. Children from all VPK classes will be combined in enrichments to meet the six-child minimum per class.**

**Extended day until 2:30 is included in the price of \$250. Pricing is adjusted to \$178 for those already enrolled in the extended day program.**

**Registration form is on the back of this sheet.**

### **Soccer by Sports4Fun**

#### **Mondays**

Sports4Fun uses a professionally written curriculum that focuses on child development through fun games. Classes are designed to improve children's knowledge of soccer in an exciting environment. You will see an improvement in your child's agility, balance and coordination as the season progresses.

### **Rock 'n Run with Ms. Alison**

#### **Mondays**

This class will provide a super fun atmosphere where children can experiment with new music, instruments and activities. We will be learning games, running relays and negotiating obstacle courses. Ms. Alison will incorporate props for the children to explore including parachute, hula hoops, stepping stones and bean bags.

### **Flag Football by Sports4Fun**

#### **Tuesdays**

Flag football is a no contact game. Instead of tackling, players attempt to pull flags off the ball carrier's belt. Sports4Fun allows children to learn the fundamentals of the game through age-appropriate skills and drills. The flag football program is geared toward developing your child's athletic skills, as well as teaching sportsmanship values that extend far beyond the playing field.

### **The Gifts of Nature with Mrs. Seel**

#### **Tuesdays**

Students will develop an appreciation for the simple, joyful aspects of nature. They will build a bird feeder, learn about trees through print-making, take photos from the sun, cultivate a butterfly garden and more! Join Mrs. Seel for a stroll outdoors and some hands-on learning as we seek stronger connections to God's gifts.

**Supply Fee: \$20.00**

### **Wild About Art with Ms. Alea**

#### **Wednesdays**

Wild animals will be our inspiration during this class. Young artists will experience different media including paint, pastel, watercolor and clay as we meet new and familiar animals on our art safari. Dress for a mess as our adventures could get a little "hairy!"

**Supply Fee: \$20.00**

### **Speaking Spanish with Mrs. Jessica Pardo**

#### **Wednesdays**

Hola! Ms. Jessica is passionate about sharing her native language and culture. VPK students are the ideal age to begin to learn a new language! They will also explore the history and culture of Central and South America through music, food, dialogue, acting and role playing in this fun, hands-on class.

### **Ballet/Tumbling with Mrs. Scott**

#### **Thursdays**

Ballet/Tumbling classes meet for 45 minutes. Children will work on ballet techniques, learning the basic ballet steps which promote rhythm, flexibility and grace, and improve balance. They will also work on the tumbling mats to increase strength and coordination. Attire is leotard and tights, any color, any style, and pink ballet shoes.

### **Edible Experiments with Professor Pardo**

#### **Thursdays**

Cooking is a wonderful way for children to use science and math while having fun with food. Students will be making predictions, learning how food changes when cooked and using their senses while experimenting with a variety of foods. Each week Ms. Jessica will lead the class in preparation of a unique dish for tasting and possibly to bring home to share.

**Supply Fee: \$20.00**
