One of our trademarks is the developmentally appropriate curriculum we use that emphasizes creative play, enjoyment of sport, and character building lessons. All of our coaches are enthusiastic individuals who love working with kids of all ages.

Teacher: *Soccer Shots* is the national leader in youth soccer development for children ages 2 through 8. Our program has been created under the guidance of childhood education specialists, MLS and USL professional soccer players, and experienced and licensed soccer coaches. Using these creative and age appropriate curricula and infusing each lesson plan with enthusiasm and structured activity.

¡Bienvenidos a la clase de Español! Señora Aída Nassar. Come and join us for a fun Spanish time! We will learn some Spanish while we sing, play games, and act out some of our favorite stories like Dora, Diego, Dr. Seuss and others.

Teacher: Hola, mi nombre es Senora Aida Nassar. I was born and raised in El Salvador as a native Spanish speaker. I have lived in Florida since

1989. I earned a Bachelor of Science degree in Biology Education from UCF. I have had the pleasure of working for WPPC Preschool for seven years. I enjoy spending my summers in El Salvador. It is very important to me to impart my language to my three children (ages 17, 16 and 10). Our preschool students are at an ideal age to learn a second language. Discover how easy it is to have a great time while we learn. ¡Nos vemos pronto!

Wednesdays – Sept. 14, 21, 28, Oct. 12, 19

Creative Crafting with Cleary - 3's & 4's – 2:00-2:30

"Does your child enjoy experimenting and expressing themselves through the creativity of art? As our students return in the fall, I am very excited to lead an arts and crafts class for five weeks. Exposure to the arts allows for an innovative and messy environment for children to learn a whole host of lessons, from color recognition and mixing, to pattern understanding, to texture appreciation. I am thrilled to work with your children on a wide variety of projects that will allow for them to work both independently and as part of a team, and that will also strengthen many of their skills, including their visual-spatial skills and fine motor skills. Most importantly, this class will always emphasize the importance of fun and freedom of expression!"

Wednesdays – Oct 26, Nov. 2, 9, 16, 30, Dec. 7

"ARTy pARTy" with Mrs. Cross 3's & 4's - 1:15 - 1:45

Welcome to the "Art Room" for some extra time with Mrs. Cross. Students soon learn that creative expression is as individual as our laughter. Through the arts, children gain self-confidence, develop fine and gross motor skills, socialization and problem solving skills while expanding imaginations, vocabulary of art, artists, materials and tools. **Note:** Projects do not go home each week. When working with clay the pieces are painted and kiln fired, twice. Painterly projects may need drying and will go home the upcoming week. Sometimes projects such as clay may overlap slightly for completion. If a student misses a project there is not always time to go back and create the missed piece during class.

Cooking with Mrs. Cross 3's & 4's – 1:45 – 2:30

Not only does Mrs. Cross love art, she loves to cook and garden. Over the years she has incorporated art and cooking with several class offerings. We are delighted that she will be offering this program again for our enrichment segment. She is creating an age appropriate STEAM program with the culinary arts that incorporates science, technology, engineering, art and math.

Children learn a great deal when engage with culinary activities. Food preparation, assists with understanding where our food comes from, good nutrition, developing fine motor skills, sensory exploration, shape identification, vocabulary and tool use, math, science and technology as well as learning how to follow steps through beginning to end for an edible creation. Children mix, measure, pat, blend, cut (plastic or butter knife), chop, top, taste, pour, stack, assemble, tear and sprinkle along with once in awhile sharing a package for at home sharing.

She uses recipes from family, friends and those in the industry she admire like Mollie Katzan, Jamie Oliver, Nigella Lawson, Chuck Williams and Dean and DeLuca. Some recipes are emailed to the parents so parents may repeat the process at home. Classes meet in the Art Room and sometimes the Church Kitchen.

Music & Movement is an excellent way for your child to develop balance and coordination through creative dance and expression, rhythmic movement and song and dance activities. The children learn body awareness, eye-hand coordination and directionality. They will also learn how to follow directions while having fun! We also incorporate a variety of musical instruments and props for the children to explore which provides a creative atmosphere where children can experiment with new materials as they move to the beat! This class is designed to build attention and self-expression and also includes singing, chanting, moving, focused listening, musical games and storytelling. Mrs. Wilson is accredited in Musikgarten which she integrates into her music and movement activities and the combination provides a fun, creative musical experience!
