Music & Movement Classes Begin Monday, September 10

"My name is Hanne Swanson, and I am very excited to be the Music teacher at WPPP this school year! Music has always been one of the biggest loves of my life, through singing in choirs, a cappella groups, bands, but most importantly around the piano with my family. Music and movements are such a beautiful, simple expression of love, joy, creativity and "care-freedom" that connects us to one another. I am a mother of four boys and a little girl, all of whom attended and loved Winter Park Presbyterian! The instruments played in our house include, piano, guitar, trumpet, violin, banjo, mandolin and ukulele...a constant crazy orchestra of creativity and fun! If I can help foster a love of music in your children then I will be happy to have planted a seed for their well-being that can continue to grow throughout their lifetimes!!"
